Brief Intruction

19th China International Coal and Mining Exhibition will be held in Capital International Exhibition Center of China from October, 27 to 29 , 2026. The exhibits cover: unmanned

coal and mining technology and application, coal and mining production equipment, transportation, safety and monitoring systems, mining services, mining mechanical and electrical equipment and materials, mining emergency and rescue, coal chemical industry, energy & new energy industries,etc.

By 18 sessions of development and cultivation, China International Coal & Mining Exhibition has been the top brand exhibition on the area of coal & mining industry. More and more exhibitors regard the exhibition as the cannot-missing communication opportunity and business platform. By the show, the participants can display, see and touch the cutting-edge products and technologies, learn about coal and mining industry trends in a short time.

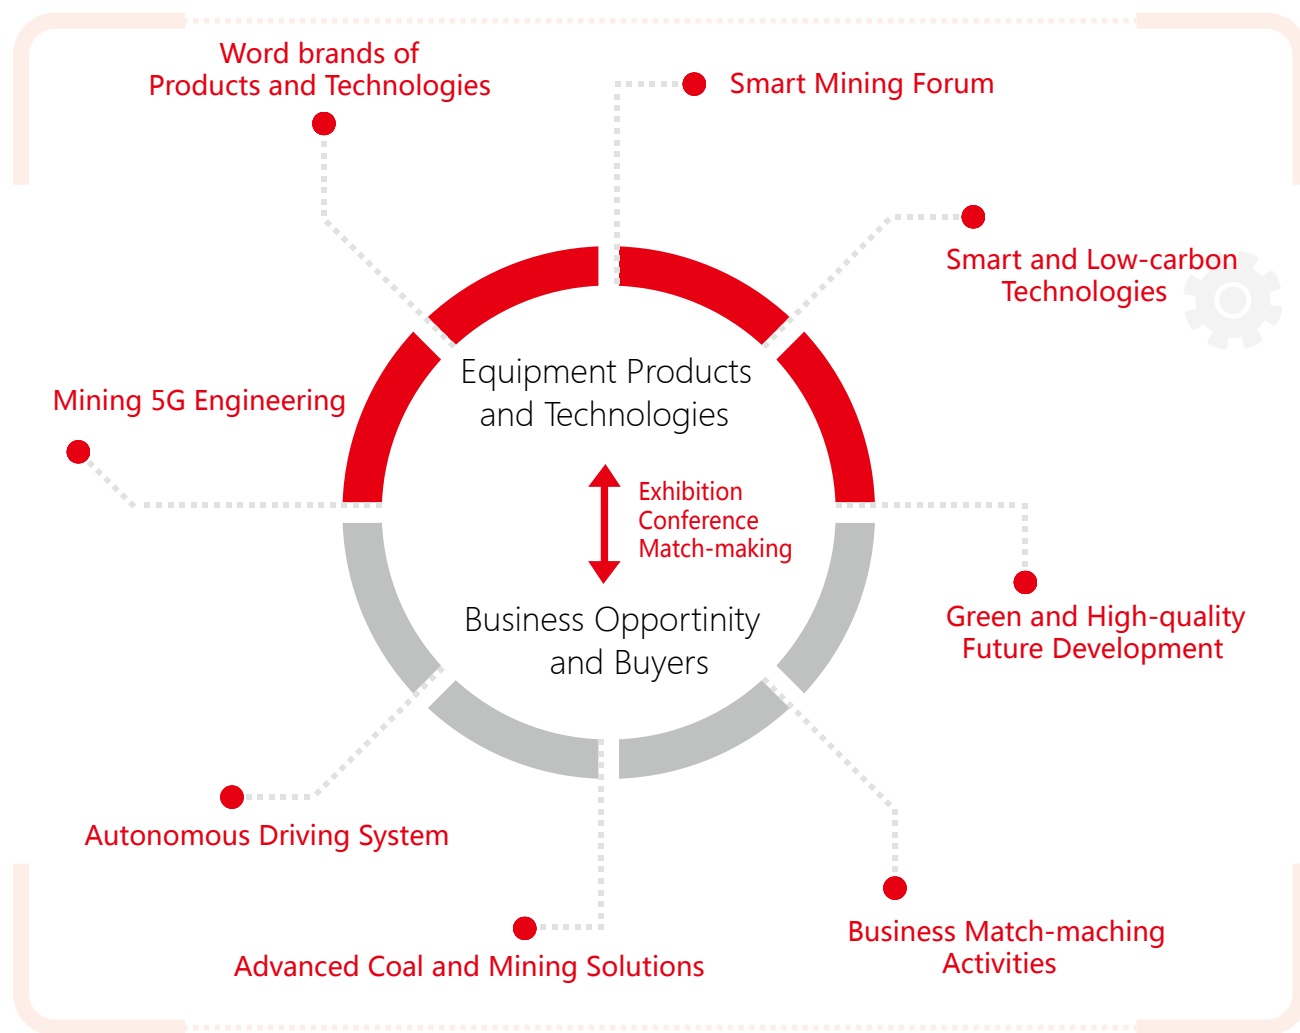

With the theme of "Smart and Low-Carbon, Shape High-quality, Development Future", the exhibition focused on showing the latest equipment & technology , new solutions in the field of coal & mining production at home and abroad. The exhibition will continue its efforts on increasing publicity and promoting influence. Also, we expand the scope of overseas exhibitors and constantly improve the international level of the exhibition for building a business platform of coal and mining for audience from China and overseas.

At the same time, numbers of technical seminars and activities will be held, which can offer the exhibitors, visitors and purchasing groups face-to-face communication opportunities for sharing experience and information. China International Coal and Mining Exhibition is working for offering a comprehensive business channel for participants, and will make full use of traditional media, newspapers, magazines, online media, Twitter, Facebook, etc.

Exhibition + Conference

Create a One-Stop Platform For Coal and Mining Communication

3

Part of Special Delegations

4 Product Categories

1. Underground Mining

- 1.1 Coal Mining Equipment
- 1.2 Working Face Support
- 1.3 Working Face Conveying Equipment

2. Underground Tunneling

- 2.1 Mechanized Tunneling Equipment
- 2.2 Mine Tunneling Equipment
- 2.3 Back Up System
- 2.4 Supporting Machines and Tools

3. Underground Transportation

- 3.1 Belt Conveyor
- 3.2 Auxiliary Transportation - Rail Transportation
- 3.3 Auxiliary Transportation - Trackless Transportation
- 3.4 Mine Hoisting

4. Coal Mine Electromechanical and Power

- 4.1 Coal Mine Power Supply
- 4.2 Electric Machine
- 4.3 Pump
- 4.4 Hydraulic Transmission
- 4.5 Compressor Equipment, Rigs

5. Coal Mine Auxiliary Production System

- 5.1 Drainage Equipment
- 5.2 Ventilation Equipment
- 5.3 Communication and Lighting Equipment
- 5.4 Safety Production and Rescue
- 5.5 Environmental Protection System

6. SMART Mine & Automation

- 6.1 Coal Mine Automation
- 6.2 Supporting Technology for Coal Mine Automation

7. Coal Processing & Utilization

- 7.1 Coal Washing Equipment
- 7.2 Coal Processing and Utilization

8. Open-Air Mining

- 8.1 Open-Air Mining Equipment
- 8.2 Transportation Equipment
- 8.3 Auxiliary Equipment

9. Coal Mine Services and Engineering

- 9.1 Trading Service, Exploration and Mine Construction
- 9.2 Land Exploration
- 9.3 Mine Survey, Coal Mine Cooling

10. Mine Material, Instruments and Processing

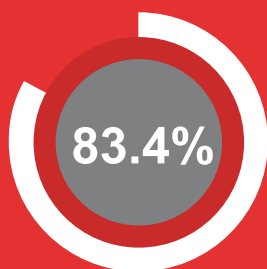

- 10.1 Mine Resources & Materials
- 10.2 Mine Equipment/ Apparatus/ Instrumentation
- 10.3 Processing & Utilization
- 10.4 Laser Cladding
- 10.5 Equipment Restoration
- 10.6 Welding Technique
- 10.7 Welding Material,
- 10.8 Forging Process
- 10.9 Honing Process
- 10.10 Internal Spraying

5 Exhibition Hall Layout

Capital International Exhibition Center of China (CIECC) undertakes the key responsibility of implementing the strategies of "humanistic Beijing, Hi-tech Beijing, and green Beijing", and promoting the construction of an international exchange hub. With a total construction area of 611,000m², the project is the largest convention and exhibition center in the capital of China. The exhibition center is 2 kilometers away from the Beijing Capital Airport, 24 kilometers away from Tiananmen Square.

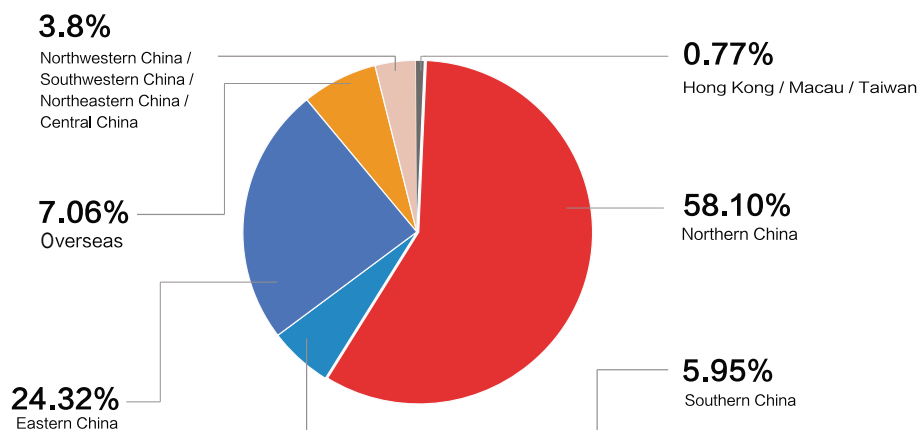

6 Visitors Analyse of Previous Exhibition

General Standard Booth
4250 \$ / 9m²

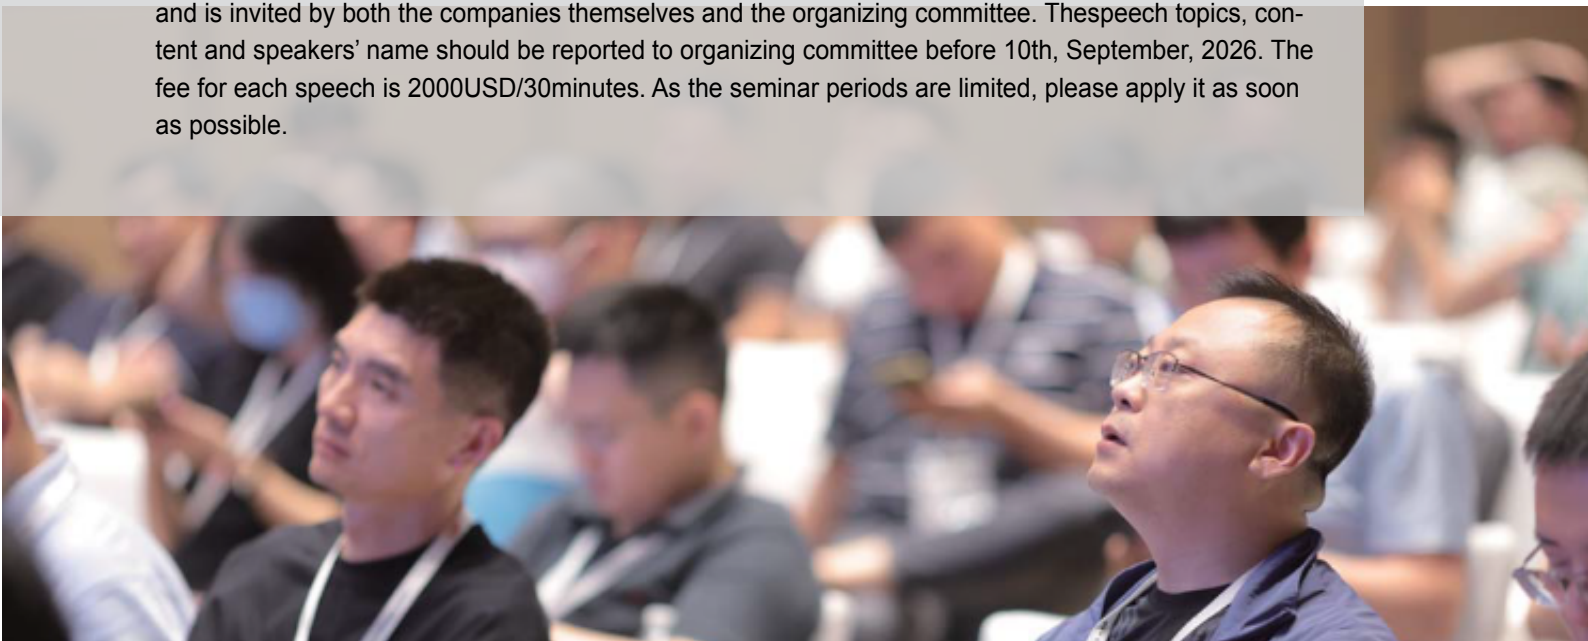

Raw Space
450 \$ / m²

8

Conference and Forum

- **5G Wireless Communication Technology for Underground Mining Meeting**
- **International Smart Coal Mining Technology Exchange Conference**
- **Rapid Tunneling Technology & Complete Vets of Equipment in Coal Mine Forum**
- **Special Treatment of Difficult Leakage in Tunnel & Mine Underground Engineering Technical Exchange Seminar**
- **Risk Analysis & Countermeasures of Waste Materials Disposal under Green & Low-carbon Background Technical Exchange Seminar**
- **Technical Exchange Seminars**

The exhibition organizing committee will assist domestic and foreign exhibitors to conduct the technical exchange seminars, and the content is decided by the speakers. Each seminar involves 60-80 audience and is invited by both the companies themselves and the organizing committee. The speech topics, content and speakers' name should be reported to organizing committee before 10th, September, 2026. The fee for each speech is 2000USD/30minutes. As the seminar periods are limited, please apply it as soon as possible.
